OFFICE OF THE DDI

26 February 1976

NOTE FOR: Dick Lehman

SUBJECT : NSCIDs 2, 3, and 7

I have no problem with the proposal not to reissue these NSCIDs. There are two points that probably need to be maintained, however, and I would hope they could appear somewhere in NSCID No. 1. These are:

a. NSCID 2--The DCI responsibility in paragraph 1 in re "avoids undesirable duplication and uncoordinated overlap" and

b. NSCID 3, paragraph 2.b. which spells out the CIA role in the production of current intelligence and the responsibility of other departments and agencies to contribute to it. (I know this is clear in the White House Fact Sheet but I can't quickly find any authority for it in the Executive Order).
